ANNUAL REVENUE RETURN 2024

Introduction

On or before the last day of March each year, registered political parties are required to file an annual revenue return with the Chief Electoral Officer. This annual report by Elections Yukon summarizes the revenue received by registered political parties for the 2024 calendar year.

Electoral Finance

In a democracy, elections between competing political parties and movements have been the dominant process to elect governments. To reach out to the electorate and explain their goals and policies, and to receive input from the people on their views, candidates and political parties require funding. Access to funding, with no strings attached, is crucial to the overall vibrancy of an electoral and democratic system.¹

Rules regarding electoral finance are primarily based on the premise that money can be a significant factor in electoral success. As such, political finance regulation has an important role in providing a framework designed to make financing fair, transparent and accountable. This includes requirements respecting contributions to the various political entities involved in the territorial election.

Fairness in election finance allows candidates and parties to obtain the financial means to conduct their operations and campaigns while supporting the right of the public to participate by making contributions.

Transparency in election finance provides for the filing of financial reports and returns of election revenues and expenses and the public disclosure of the data.

Financial Provisions Legislation

The Yukon *Elections Act* provides a regulatory framework designed to make the financing of the political system transparent and fair. 'Financial Provisions for Candidates and Registered Political Parties' are contained in Part 6 of the *Act*.

The *Elections Act* specifies statutory election financial reports required of political parties and candidates.

¹ Magnus Ohman, "An Introduction to Political Finance," in *Funding of Political Parties and Election Campaigns: A Handbook on Political Finance*. (Stockholm, International IDEA, 2014), page 1.

Report - Annual Revenue Return

This is an annual revenue return to the Chief Electoral Officer filed by registered political parties on or before the last day of March in each year. It provides the total revenues (contributions and total of 'other revenues') received by the political parties for the calendar year.

This report sets out the total amount of the political party's revenue and the number, type, and total amount of all contributions. This report is limited to revenue. There are no financial statements such as balance sheets or income statements. There is no requirement to report liabilities, detail other revenue, or surplus/deficit position, or to identify assets, loans, or holdings.

Reports - Following an Electoral Event

These reports are based on the 'election period' as provided for in the *Elections Act*. It is the period between the issue of the writ and ends on the date of the return of the writ. Each political party and candidate are to file on or before the 90th day after the return of the writ:

- **Election Revenue Return (ERR):** This return is required of all candidates and political parties after an election event. It provides the total revenues (contributions and total of 'other revenues') received by candidates and the political parties.

This report sets out the total amount of the registered political party or candidate has received for campaign purposes and identifies each amount included in the total.

For political parties, it reports each amount received in the name of the candidate endorsed by the political party, or the amount received from a candidate endorsed by the political party, for expenses, including those for notices or advertising paid by the registered political party on behalf of the candidate.

For candidates, it reports each amount received from a registered political party, or by a registered political party on behalf of a candidate.

- **Election Expenses Return (EER):** This return is required of all candidates and political parties after an election event. It provides the total fair market value of goods and services used during the election period.

This report sets out the fair market value of all goods and services used during the election period. Categories include electronic and print media, office and administration, personnel, election travel, and any other costs (such as candidate stipends).

- **Election Financing Return (EFR):** This return is required of all candidates and political parties and after an election event. It provides the information used in the election revenue and election

expense reports to identify a surplus or deficit and provides debt holder information and surplus fund disposition requirements.

This report sets out the total revenues (as reported in the election revenue return), total expenses (as reported in the election expenses return), and the amount surplus or deficit determined by subtracting total expenses from the total of all revenues received.

If a deficit is reported, the report shall include the names and addresses of all debt holders and the amount of each debt.

If a registered political party endorsed the candidate, the candidate's surplus funds shall be paid to the political party and proof of payment made is provided with the election financing return. If a registered political party did not endorse the candidate, the surplus funds are to be paid to the Chief Electoral Officer who will pay them to the Yukon Consolidated Revenue Fund.

Terms and Definitions

Revenue

For reporting purposes, revenue for a period means the total of all amounts received as contributions and all other revenue.

Other Revenue

All non-contribution revenues (such as fundraising, donations, memberships, etc.) combined and reported to the Chief Electoral Officer as a single total sum as 'other revenue.' It is interpreted as gross revenue minus contributions. Other revenue includes:

- proceeds from fundraising activities;
- donations received at meetings and rallies held for political purposes;
- membership fees;
- event registration fees;
- loans; and
- income from investments or other sources

'Other revenue' is not reported by category. Receipts, statements, or other documentation are not required with the 'other revenue' report submission.

Contributions

Contributions are gifts made to a political party in the form of money, goods, services, or discounts off the usual price of goods and services. It does not include volunteer labour or the payment of a candidate's nomination deposit. Contributions are identified by type as either monetary or in-kind.

Official receipts are issued for both types of contributions, but only monetary contributions are eligible for a political tax credit from the Canada Revenue Agency. The statutory requirements of the annual report require an itemized tally of each contribution made. Receipts are required to be issued for all contributions by officials authorized for that purpose by the leader of the respective party.

- **Monetary contributions:** These are contributions in the form of money and include cash, the monetary value of negotiable instruments (such as cheques), and money conveyed by credit card or other similar means.
- **Contributions In-Kind:** These are contributions of goods and services. As examples, these include the donation of goods such as used office equipment or the donation of services such as computer repairs. The amount of a contribution in-kind is its fair market value when they are made. Cryptocurrency is also considered as a contribution in-kind.
- **Anonymous Contributions:** Candidates and registered political parties are not to accept anonymous contributions. If an anonymous contribution in cash or equivalent is received, it shall be immediately remitted to the Chief Electoral Officer and paid into the Yukon Consolidated Revenue Fund. In the case of an anonymous in-kind contribution of a good or service, it shall be immediately delivered to the Chief Electoral Officer who shall donate it to a non-profit group or dispose of it in any other manner the Chief Electoral Officer deems appropriate. Proceeds from the disposition, if any, are paid into the Yukon Consolidated Revenue Fund.
- **Donations Made at a Meeting or Rally Held for Political Purposes:** These donations are deemed not to be anonymous contributions and are to be included as other revenue as reported in both the annual revenue return and election revenue return as appropriate.

Contributors

A contributor is a person or unincorporated group. There are no restrictions regarding eligibility as an elector or jurisdictional location to be a contributor.

- **Person:** includes an individual; a corporation incorporated in any jurisdiction; and a partnership or other unincorporated association, organization or body that is registered under the *Partnership and Business Names Act*.
- **Unincorporated groups:** includes trade unions, political parties, and any other entity that is not a person.

Contribution Limits

There are no limits to the number or value of contributions that a contributor can make. All contributions must be properly receipted and reported by the party.

There is no restriction on who can contribute to a party, as long as the contributor's information is provided.

There is no limit on the total amount of contributions a party can accept. All the contributions must be properly disclosed.

Disclosure of Contributions

All contributions, both monetary and in-kind, must be reported. The annual revenue return must include duplicate copies of all official receipts issued.

Contributors' information is publicly disclosed if total contributions exceed \$250. For each total contribution over \$250, the name and address of the contributor is reported, along with the amount contributed. In-kind contributions that are subject to disclosure also include a description of the goods or services contributed.

A contribution over \$250 is made when the total of monetary and in-kind contributions exceeds \$250 in a calendar year.

Annual revenue returns filed with the Chief Electoral Officer are public information and are available for public inspection at Elections Yukon during regular business hours. The *Elections Act* prohibits the disclosure of names of contributors who contribute a total of \$250 or less. Access to duplicates of receipts is not authorized.

Reports published by the Chief Electoral Officer are available on the Elections Yukon website or by contacting the office.

Disclosure of Contributors

Contributors are reported as persons (individuals, corporations, and partnerships) or unincorporated groups (trade union, political party, or other entity, not a person). All contributions, both monetary and in-kind, must be reported.

- **Contributions up to \$50:** The number of contributions is reported with total amounts. The names and addresses of contributors are not disclosed in this report nor are they available for public disclosure.
- **Contributions of more than \$50 and up to \$250 from persons:** The number of contributions is reported with total amounts. The names and addresses of contributors are not disclosed in this report nor are they available for public disclosure.
- **Contributions of more than \$50 and up to \$250 from unincorporated groups:** Trade unions and other political parties must provide a statement, which identifies their name and address; other unincorporated groups must provide the name and address of a principal of the group. The names and addresses are not disclosed in this report nor are they available for public disclosure.

A candidate or political party shall not accept donations of more than \$50 from an unincorporated group unless a statement containing the information noted in the previous paragraph accompanies it.

- **Contributions of more than \$250 from persons:** For each contributor who contributed more than \$250 in total, the following information is disclosed in this report: the contributor's name and location, amount of the contribution, types of contribution, and where a contribution is in kind, a description of the contribution.
- **Contributions of more than \$250 from unincorporated groups:** Trade unions and other political parties must provide a statement, which identifies their name and address; other unincorporated groups must provide the name and address of a principal of the group. For each unincorporated group who contributed more than \$250 in total, the name and address of the trade union or political party, or the name and address of the person who is a principal of the unincorporated group is disclosed.

Unincorporated groups must provide a statement, which identifies the name and address of each contributor of more than \$250 towards the total contribution or indicates that there were no individual contributions of more than \$250.

Contribution Tax Credits

The Political Contribution Tax Credit is available to individuals and corporations that contribute to a recognized territorial political party or candidate. The latest update to credit amounts was on January 1, 2016. The maximum annual credit is \$650, which results from a total contribution of \$1,275 or more.

The credit amount is calculated as the sum of:

- 75% of the first \$400 of contributions
- 50% of the next \$350 of contributions
- 33.33% of the next \$525 of contributions

Contents of the 2024 Annual Revenue Return Report

This report contains information from the annual revenue returns filed by registered political parties for the 2024 calendar year.

Party officials completed their annual revenue returns in accordance with the *Elections Act*, as amended in December 2015. Proper completion required the meticulous tracking of contributions and financial records, verification of contributors' information, and preparation and distribution of official receipts.

Collaboration between Elections Yukon and political party officials in supporting financial reports was conducted through orientation and information sessions as well as updates and reminders to promote on time and compliant filing.

Elections Yukon is responsible for the provision and issue of official receipts to authorized officials of the political parties. In addition, a software program access was provided with a guide and templates to facilitate the issue of receipts and reporting by political parties.

Election Act Compliance

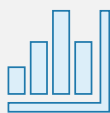

As of December 31, 2024, there were four political parties registered in accordance with section 44 of the *Elections Act*.

Political Party	Party President	Authorized Financial Agent	Compliant	Report submitted on time?
Yukon Liberal Party	Carly Rudolph	Clarence Timmons	Yes	Yes
Yukon Party	Melanie Brais	Philip Fitzgerald	Yes	Yes
Yukon NDP	Jan Stick	Thomas Dang	Yes	Yes
Yukon Freedom Party	Joseph Zelezny	Kevin Maves	Yes	Yes

In accordance with section 382 of the *Elections Act*, parties were required to file annual revenue returns by March 31, 2025, to report all revenue received during the 2024 calendar year. No party reported any anonymous contributions (monetary or in-kind).

As required by the *Elections Act*, all official receipts were accounted for.

YUKON PARTY

Yukon Party Annual Revenue Return - Summary

In 2024, the Yukon Party reported a total of \$101,044 in revenue. Of their total revenue, two-thirds (67%) was from monetary contributions. The remainder came from other revenue (15%), and in-kind contributions (18%).

Of the \$85,834 in contributions reported by the Yukon Party in 2024, 79% were monetary contributions from individuals and 21% from corporations.
