

## Instruction for EFR Template-2025-3

### Important to know before you start:

#### Do's/Info:

- Save this sheet to your computer and enable the macros. If you have problems to enable the macros refer to the following instructions:  
<https://support.microsoft.com/en-us/office/enable-or-disable-macros-in-microsoft-365-files-12b036fd-d140-4e74-b45e-16fed1a7e5c6>
- Read the complete instruction first.
- The information from the "Cover" sheet is automatically populated on every sheet of this template.
- All sheets have been set-up with the respective header information as well as actual date and page numbers.
- Some yellow input fields will turn white as soon as you enter your text.
- Print this instruction sheet for better reading.
- Print only single tabs not the entire workbook. It will come up with 160 pages.
- Print: If you need the Schedules B, C, G-J printed use the "Prepare for printing" button first (see Step 6)

#### Don'ts:

- Do not enter any information in the grey shaded field column A, B, C and S in the "All Receipts" tab. These columns will be filled automatically.
- Do not remove any filters in the tabs (the macros do need them to work).
- Do not delete any empty line on the tabs "All Receipt", "Schedules" or "Other" (you can hide them with a macro - explanation see below).
- Do not merge any cells in the tabs as the macros will not work anymore.
- Do not change anything in the fully automated Schedules (B-D, G-J) and tabs "Reporting", "EFR Reporting"
- Do not print all pages of this worksheet - it will come up with 160 pages.

### General Information re this EFR file:

This information/instruction is also available in the Guide "GE Form 801 Guide for Official Agents Campaign Finance Requirements".

The grey tabs need your attention, and the respective tasks (1-16) are described below:

- "Cover" - Depending on your information the template will be set to "Party" or "Candidate" with the corresponding report fields.
- "All Receipts" - Here you should capture all your distributed receipts. It also includes some helpful buttons to allocate your input to the corresponding Schedule.
- "Acc. Register" - Here you should capture all your account movements and categorize them into the relevant expenses or revenue types. These will be automatically summarized and distributed in Schedules A and D.
- "EFR Total" - Shows your Total Revenue, Total Expenses and Surplus/Deficit. Here you need to sign the "Statement of verification". Additional input is needed if you report a deficit.
- "Schedule A" - Shows your Elections Revenue Report. Input is needed if you have In Kind anonymous contributions.
- "Schedule E" (Party only) - Input is needed if the party received amounts from candidates for e.g. expenses.
- "Schedule F" (Party only) - Input is needed if the party collected amounts on behalf of the Candidate and transferred to them.
- "Other" - Input is needed if you received any Other Revenue which must be reported.

The green tabs contain information, or they are fully automated -> no task to perform within these tabs.

The blue tabs contain reporting information which will be used from Elections Yukon and may also be of interest for you. Do not change anything in the tabs "Reporting" and "EFR Reporting".

">250M" and ">250K" show all contributors with contributions >\$250 which will be disclosed. The table can be sorted by amount, just push the respective button on the right hand side of the table.

## Contributions

All contributions received for campaign purposes must be reported. This includes contributions received during the campaign period. The campaign period begins with the issue of the writ of election and ends 30 days after the return to the writ.

Contributions are gifts made to a candidate in the form of money, a good, a service or a discount off the usual price of a good or service. It does not include volunteer labour. Specific detail is required when reporting contributions.

Monetary contributions are contributions in the form of money and include cash, the monetary value of negotiable instruments (such as a cheque) and money conveyed by credit card or other similar means.

Contributions in kind are contributions of goods and services. For example, a candidate could receive a donated good, such as a piece of used office equipment or a donated service, such as computer repairs.

The value of a contribution in kind is its fair market value when it is contributed. As an example:

- for used office equipment, the fair market value would be the cost of purchasing the used equipment
- for a service, the fair market value would be the amount that a person would usually charge for this service
- for a good or service purchased at a discount, the difference between the price that is usually paid and the discounted price is the fair market value of the contribution

**Note: A candidate's nomination deposit is not considered to be a contribution.**

Capture all your Monetary and In Kind contributions receipts in tab "All Receipts"

- Column B and C will be filled automatically once you enter an amount in column Q.
- Start in column D with "Contribution from" - Select from the drop down: Individual, Corporation, Trade Union, Political Party (If unincorporated group, make sure to collect required contributor information)
- Column E and F "Date" - Date format YYYY.MM.DD enter either eg. 2024.12.28 or 28.12
- As soon as you enter an amount in column Q the corresponding Schedule is displayed in column S.
- If you mark In Kind in column R the description field in column T is triggered. Please add your description of the In Kind contribution in column T.
- 2 The yellow field marking will go away as soon as you enter your information. A good description should indicate how many items of an article and which amount for each of these as well as a sum of the item and total of all items.

Example:

- 1 Box paper \$ 50 each = \$ 50
- 2 Flight tickets \$ 400 each = \$ 800

- The sheet will detect if a last name is inserted twice or more in column J. This does help you to verify if you must consolidate contributions of a certain contributor (same last name, first name and address). See next step - Perform combinations if required.

# Instruction for EFR Template-2025-3

**"All Receipts" tab and Schedules B, C, G - J - Combination of entries**

Contributor First Name	Contributor Last Name	Com/New	Contributor Street Address	Contributor Community	Contributor Province	Contributor Postal Code	Contributor Country	Contribution Amount in CAD	In Kind	Contribution Type
4	Mat	Brown	C	Hanson Street...	Whitehorse	YT	Y1A...	Canada	50.00	Monetary - up to \$50 - Schedule G
5	Danielle	Brown		Downtown Ave	Toronto	ON	M1B...	Canada	50.01	Monetary - \$50.01-\$250 - Schedule I
7	Susan	Brown	C	Hanson Street...	Whitehorse	YT	Y1A...	Canada	50.00	In Kind - up to \$50 - Schedule H
0	Mat	Brown	C	Hanson Street...	Whitehorse	YT	Y1A...	Canada	201.00	Monetary - \$50.01-\$250 - Schedule I
1	Danielle	Brown		Downtown Ave	Toronto	ON	M1B...	Canada	200.00	In Kind - \$50.01-\$250 - Schedule J
1	Mat	Brown	N	Hanson Street...	Whitehorse	YT	Y1A...	Canada	251.00	Monetary - over \$250 - Schedule B

**Hint:**

Perform combination if required (If no combination must be done go to step 4):

If you identify that a Contributor made several contributions you should combine those entries. All these entries should be from the same type. (All Monetary or all In Kind)

The system will automatically mark all entries with the same last name (column J) but you need to decide if the contributor is really entered more than once. E.g. Bill and Kate are not the same contributor but twice Bill with the same address is a duplication.

For example if a Contributor has contributed 6x\$50 = \$300 and you have provided 6 different receipts you should combine these 6 items.

- Before you start the corrections, write down the total contributions from line 522 in the "All receipts" tab.
- Mark those 6 items (from the above example) with a "C" in column K "Com/New".
- Add a new entry (same data for this Contributor) except the amount. This is \$300 in this example.
  - No Receipt number required (receipt number field stays empty).
  - If In Kind make sure that you insert the description from all previous combined items in column T.
- Mark this new entry with "N" in column K "Com/New".
- Check if the total contribution does still show the same amount as noted before (line 522). If yes go to step 4. If not check your combinations.

Do not mix Monetary and In Kind contributions.

Hint: If you have a long list of yellow marked last names, you can select one last name from the filter, select Blanks as well. Then decide if you need to correct. If so, you already have an empty line to copy the above mentioned new entry. If you decide there is no correction required, you can mark the entries in column "K" e.g. green. You will have a good overview of what is already done and what is open.

See screenshot of selection sample above.

## "All Receipts" tab and Schedules B, C, G - J - Run macros

Once you have captured all your receipts and combinations (if required) you can run the first macro by pushing "1. Data Transfer" button. See column U.

The system will automatically transfer all data from the "All Receipt" tab to the tab of the corresponding Schedule.

If you need to add new data after you have done the above mentioned data transfer, enter the new data first.

Then rerun the data transfer to the Schedules by using the buttons

- 1) "Unhide Lines" and
- 2) "Re Run Data Transfer"

Once the data transfer to the Schedules is done, the amounts in lines 528 - 538 on the "All Receipts" tab should turn green. This indicates that the process has been finalized correctly. You are done with Schedules B-C and G-J.

Summary B	501.01	Summary after correction from Schedule
Summary C	250.01	Summary after correction from Schedule
Summary I	50.01	Summary after correction from Schedule
Summary J	250.01	Summary after correction from Schedule
Summary G	0.00	Summary after correction from Schedule
Summary H	50.00	Summary after correction from Schedule
Total Check	1101.04	
Summary B	751.02	Summary after correction from Schedule
Summary I+J	300.02	Summary after correction from Schedule
Summary G	50.00	Summary after correction from Schedule
Total Check	1101.04	

If you detect that the numbers are not correct you need to check if the combinations have been done properly. Go back to Step 3.

Once all summaries are correct check the numbers on Schedule A. They should match the numbers from the "All Receipt" sheet.

SCHEDULE A - ELECTION REVENUE RETURN						
CONTRIBUTIONS	Monetary (Sched B, I, G)		In Kind (Sched C, J, H)		Total	
	Number	Amount	Number	Amount	Number	Amount
9. Up to \$50 (from Schedules G and H)	0	\$ 0.00	1	\$ 50.00		\$ 50.00
10. \$50.01 to \$250 (from Schedules I and J)	1	\$ 50.01	2	\$ 250.01		\$ 300.02
11. Over \$250 (from Schedules B and C)	2	\$ 501.01	1	\$ 250.01		\$ 751.02
12. Total Contributions (9+10+11)	3	\$ 551.02	4	\$ 500.02		\$ 1101.04

If this is the case you are done with the Receipts.

If you need to print the Schedules B, C and G-J use the "Prepare for Printing" button in the "All Receipts" tab first. This will hide empty lines in these Schedules.

The total amount of your monetary contributions must also match your entries in the "Acc.Register" under "9.-11. Monetary Contributions".

If not check your entries. See step 10.

### EXPENSES

All expenses for goods and services used during the election period must be reported, regardless of when payment is made. This includes expenses incurred before and during the election period. The election period begins with the issue of the writ of election to the date of the return to the writ. The campaign period begins with the issue of the writ of election and ends 30 days after the return to the writ.

Go to the "Acc. Register" tab (Account register).  
This tab is meant to capture all your account transactions and does help to categorize them into the EFR relevant Revenue and Expense types.

Start with the "Account balance (Starting position)" in field B4 (date) and field E4 (amount). They should show the information of the day before the Campaign Period.

Add all your account transactions in this sheet in columns A-F. Column G will automatically calculate your balance. No input needed in columns I-Y (this part is automated).

- Start with column A and select the category of the transaction from the Drop down menu. An overview of all categories is also shown in the tab "Acc.Categories".
- Add date and type of transaction. The type needs to be selected from the drop down menu in column C.
- Add a description for the transaction
- Select if Deposit or Withdrawal and enter the amount in the corresponding column. Withdrawals must be entered with a minus "-" e.g. -6
- Capture all your transactions during the Campaign period on this sheet.

The sheet will automatically show the actual account balance in column G. This must match your actual account.

Once you are done with all the transactions and the actual account balance is correct you can check the totals in line 500 of this sheet or you can go to tab "Acc. Sum" for an easy overview.

If the summary is correct and the account balance does match your account at the end of the Campaign period, you are done with this sheet. This data will be automatically transferred to the corresponding Schedules.
