## MEDIA ADVISORY

### VOTER REGISTRATION CAMPAIGN LAUNCHED FOR THE MONTH OF JUNE CHECK, UPDATE, OR ADD YOUR INFORMATION

Elections Yukon is excited to announce the launch of a voter registration campaign aimed at ensuring every eligible Yukoner is prepared for an election when called. This campaign encourages Yukoners to visit our secure online voter registration portal, to confirm, update, or add their information to the list of electors. The streamlined online registration process makes registering easier than ever.

More than 32,500 Yukoners are registered to vote. Elections Yukon estimates there are up to 3,000 additional electors who are not yet registered. With Yukon's dynamic population growth and movement, many eligible electors may not be registered or their registration information may be out of date. It is important Yukoners check their information to confirm it is accurate and up-to-date. Updating your information now will help ensure a smoother process when the next election arrives.

Canadian citizens who are 16 and 17 years old can pre-register as future electors. This would include anyone born before June 2008. Pre-registering as a future voter ensures youth are ready to vote when they turn 18.

Our secure, user-friendly voter registration portal can be accessed from anywhere with an internet connection at [ElectionsYukon.ca/registration](http://ElectionsYukon.ca/registration), making it convenient for all Yukoners to participate in the democratic process. Yukoners can use the voter registration portal to quickly and securely confirm, update, or add their information to the list of electors.

#### Quote

*Since the last general election, in 2021, the Yukon has seen significant population growth and movement. I encourage all eligible electors and future electors in the Yukon to check, update, or add their information to the list of electors. Whether for a by-election or the next general election in 2025, we want to give Yukoners the best possible voting experience. Having up-to-date information helps facilitate a seamless, inclusive, and efficient voting experience for all Yukoners. By using the online voter registration portal to verify their information now, electors can be confident they are ready to vote and have their voices heard.*

- Max Harvey, Chief Electoral Officer

#### Quick facts

- The statutory date for the next territorial election is Monday, November 3, 2025. An election could be called sooner.
- Following the 2016 general election, Elections Yukon established a permanent register of electors for territorial elections and by-elections. The permanent register replaced the requirement for territory-wide enumeration.

- The secure voter registration portal is an easy-to-use online tool for Yukoners to confirm, update, or add their information to the list of electors.
- Any Canadian citizen who is at least 16 years old and has lived in the territory for at least 12 months can be added to the register.
- Shortly after an election is called, Voter Information Cards are mailed to every elector on the list of electors. The cards provide important information about where, when, and the many ways to vote.
- Throughout June, Yukoners will see advertising promoting voter registration, including bilingual voter registration cards sent to their home address. All advertising includes a QR code that links to the Elections Yukon registration page: [ElectionsYukon.ca/registration](https://electionsyukon.ca/registration).
- Electors can also register by mail using a paper application. Electors can download it from [ElectionsYukon.ca](https://electionsyukon.ca) or request a copy by calling 1-866-668-8683.
